

DV/HD Camcorder Bags

Features:

- » Holds camcorder with mattebox installed, ready to shoot!
- » Extra heavy-duty waterproof Cordura® exterior
- » Padded-fabric interior chamber
- » Interior accessory pocket
- » Interior mesh dividers & exterior side pockets
- » Adjustable ergonomic padded shoulder strap
- » Interlock carrying handle
- » Meets carry-on requirements for most airlines

16x9's new professional DV camcorder bag has been designed to transport your camera with the mattebox securely in place.

An exterior layer of extra heavy duty waterproof Cordura® provides optimal equipment protection.

The top-front tongue panel unzips for quick and easy access to the carrier's central chamber. Inside there is ample space for securing a camcorder without disturbing the mic, viewfinder, or mattebox system. A secondary interior chamber is ideal for holding lenses, filters, batteries, and more.

Once in place, contents are protected on all sides by layers of brightly colored cushioned fabric. Interior front and rear mesh dividers and exterior side pockets offer additional storage for accessories.
